## **EVENT POLICIES:**

**Content Theme:** Our theme for this year's convention theme is "Where Structure Meets Function" which is a nod to the osteopathic tenet "Structure and function are reciprocally interrelated." Presenters have been asked to address their topics with this lens in mind.

**Meeting Goals & Objectives:** The overall objectives of this program are to 1. Highlight the evidence of new, revised, and standard approaches, guidelines and tools for screening, diagnosis and treatment for a variety of medical conditions as it pertains to medical practitioners in various specialties, with an emphasis on primary care. 2. Encourage & demonstrate the integration of osteopathic philosophy and principles into the practice of medicine; particularly the tenet that "Structure and function are reciprocally interrelated", and 4. Provide information and tools related to professionalism, teamwork, communication and ethics to help physicians and other clinicians improve their practice of medicine. Each CME topic has its own set of learning objectives, which will be made available to registered attendees.

**DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION:** All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

**Certificate of Attendance:** To claim CME and access your CME certificate, attendees will need to complete an evaluation for each session attended in person or online via the virtual conference platform.

**Disclaimer:** The information in this educational activity is provided for general medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition. The viewpoints expressed in this CME activity are those of the authors/faculty. They do not represent an endorsement by the MOA. In no event will the MOA be liable for any decision made or action taken in reliance upon the information provided through this CME activity. This event may be supported by independent educational grants from commercial interests. Complete information will be provided to participants prior to the activity. Conflict of Interest Disclosures for individuals in control of content will be provided prior to the start of the activity.

**MOA Grievance Policy:** All grievances should be initially directed in writing to the MOA Director by email to: [info@mainedo.org](mailto:info@mainedo.org) who will share them with the MOA's Program Committee. Grievances will receive a response within 30 days of receipt. If you do not receive a satisfactory response, you may notify the Council of Continuing Medical Education, AOA, 142 East Ontario St., Chicago, IL 60611.

**Hybrid Conference Details:** This conference will be held in person June 14-16th, 2024 with additional online, on demand content available via a virtual platform. Some content may be available in person only and will be clearly advertised as such. Access to in person session

recordings will be made available post-event for all attendees and continue until July 17th, 2024. In person CME content will be livestreamed for virtual participation, unless otherwise indicated.

**CME Accreditation:** The Maine Osteopathic Association is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians. The Maine Osteopathic Association designates this program for a minimum of 19.75 AOA Category 1-A credits (final determination pending final agenda) and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

***Applications for other credit types are pending.***
