ABOUT THE MOA

For over 100 years, the Maine Osteopathic Association has supported osteopathic physicians in Maine. Currently we represent approximately 1,200 osteopathic physician and student members.

Osteopathic physicians (or DOs) are fully licensed physicians who take a whole-person approach to care. In addition to being trained in their chosen specialty area, they are also trained to perform osteopathic manipulative medicine (OMM), a hands-on technique DOs use to diagnose and treat patients, not just symptoms.

ABOUT THE CONVENTION

The MOA's Annual Convention is a celebration of Maine's rich osteopathic profession. One of the largest medical education events for physicians in New England, attendees represent a range of specialties from all over the state and country. The Convention also includes the opportunity for national leadership to convene with our Maine leaders, presentation of the MOA's Annual Awards and honors special Maine traditions like our lobster dinner, MOA Kids Camp, etc. This event will take place in a hybrid format. In person CME sessions will be live streamed to a virtual audience with additional online content.

ABOUT THE EXHIBIT HALL

The Exhibit Hall will be located in a separate space close in proximity to CME lectures. Buffet meals and refreshments will be served in the exhibit hall to increase traffic and allow for natural networking. Vendors will have the opportunity to directly interact with attendees.

DEADLINE & REFUNDS

Sponsor and exhibitor registration forms, payment, and any media (logos, advertisements) are due by May 6th, 2026. No refunds will be issued after May 6th, 2026. Any cancellations before that date will be assessed a \$50 administration fee. Please note with the change in venue, space is limited.
